ABOUT US

How could the Square evolve without Square Pizza? We don't know and didn't want to know. Square Pizza emerged from the idea to open a unique pizzeria on the Independence Square. Ken McClain decided he wanted to name the restaurant Square Pizza and to make it extra special by baking square shaped pizzas. For us it's about *fresh*. Every morning we start by chopping the vegetables, proving the dough, cooking off the meat to prepare our exceptional pizzas! Our pizza slices may be triangles but they make the perfect square!

EFFORTLESS PARTIES

We understand booking a party that makes everyone happy isn't easy, but Square Pizza has all the ingredients to do just that! Our party area is perfect for a whole team, family, friends or your next holiday get together! No need to worry about entertainment because our party area is conveniently set up with arcade games!

PRIVATE PARTY

Book our party room for \$25 for 2 hours and add additional hours at \$25 per hour. Add your own room attendant for 15% gratuity.

RESERVATIONS

Need to make sure we have a table for your 2 or so friends? Call ahead and reserve your seats. We ask for a credit card to hold the table which won't be charged if you show up. Or, you can try your luck and come on in! However you choose to experience Square Pizza, we thank you and are glad you found us.
